502
Detect selection of tool impression including at least a first region and a second region
504
Determine a property distribution for pixels in the first region
506
Determine a property distribution for pixels in the second region
508
Define an edit profile based on a classification of the pixel property distributions in the first and second regions
510
Edit the pixels within the tool impression according to the edit profile
500
